

EINAR® PLANT-BASED PERSONAL CARE INGREDIENTS

A PEG-free natural non-ionic emulsifier for color cosmetics intended for dark skin tone

Einar® 4643 is a lipophilic non-ionic emulsifier with ability to form W/O emulsions with luxurious texture and long-lasting hydration. It creates a soft, smooth and nourishing finish without leaving a heavy or greasy residue. As a co-emulsifier in O/W emulsion, it produces stable, low-viscous emulsion. It reduces interfacial tension between pigments and oils, improving wetting and reducing agglomeration. It works very well with iron oxide pigments and suitable for color cosmetics for dark skin tone.

PRODUCT NAME

Einar® 4643

INCI

Polyglyceryl-3 Oleate

FUNCTIONS

Emulsifier

Emollient

Dispersing agent

Sensory enhancer

USAGE RANGE

1 – 5%

APPLICATIONS

Face care

Color cosmetics

Sun care

Body care

Eye care

Neck care

Baby care

Face cleansers

Shampoo

KEY FEATURES

- HLB: 5
- Non-ionic
- Non-palm
- 100% naturally derived (NOI: 1)
- Melting point: <15°C
- Liquid at room temperature
- Kosher/Halal certified
- COSMOS approved
- Good eye and skin-compatibility
- Non-GMO*

KEY BENEFITS

- Rich, cushiony and smooth skin feel
- Effective in dispersing pigments in both natural and synthetic lipid systems
- Improves slip and product spreadability
- Suitable for hot and cold emulsification process
- Stable over broad pH range (3-11)
- Compatible with various emulsifiers, oils, natural and synthetic gums
- Suitable for all-natural and vegan products

FOUNDATION FOR NATURAL DARK SKIN TONE STABILIZED WITH:

- 5% Polyglyceryl-3 Polyricinoleate
- **5% Einar® 4643**

Einar® products are crafted from food-grade vegetable oils sourced from sunflower, rapeseed, coconut, castor, and RSPO-certified palm and made with a deep focus on responsible resource consumption, our commitment to sustainability shines. Our products are produced without (use of) ethoxylates, preservatives and GMO ingredients.
